

XMAS 2022 NEWSLETTER

Well Christmas is almost here, and our club has enjoyed another eventful year of activities and we are looking forward to the next year,

Our presentation dinner went very well with 48 members and guests attending, the Magician that we engaged entertained everyone for an hour while dinner was served and amazed everybody with his performance. We had two Seaprobe Charters Vouchers for a Secret Auction on the night, one being a donation and it looks like Laurie and Garry are going fishing.

Our next event will be our end of year Christmas Break-up meeting on the 14th of December, not the 1st Wednesday that it is usually held, and we would ask members to bring a small plate of food to help out, and this provides a little variety too. Some drinks will be provided.

The club's Annual General Meeting will be held on the 4th February 2023 where members will elect a new committee for the year ahead,

I have a notice from Council that all parking at the Broadwater Parklands will be all (paid parking) in the new year until 7 pm which should not affect our meetings or weigh-ins, apparently the Council needs the extra monies.

The dinners at the Anglers Arms will continue next year for those members who wish to join in and share a meal with others, especially for members that don't fish, just look out for emails from John for the dates and bookings.

The Competitions Dates have been arranged for next year and are available on the website page, I will bring a copy along to the break-up for those interested.

Thank you everybody for your on going support throughout the year and I look forward to the same in the future.

Cheers Bernie

CAPTAINS

REPORT

The year started with a bit of wild weather and continued though out the year. As a result we had to cancel a couple of comps and managed to find a date to replace one.

We had an avg of 13.9 Fisherman per competition this year. With a total number of 774 fish being caught and a total weight of 293kg.

Bream - 422

Dart - 41

Flathead - 10

Garfish - 103

Tailor - 40

Whiting - 127

Other - 31

Someone let the cat out of the bag on how to catch garfish and where to find them. In the Other category, the one from the other 31 was a Jew fish that weighed 8.76kg; no names mentioned.

On the Offshore side of things, we had 4 comps this year with a total of 73 fish caught and a total weight of 58.48kg.

Some big fish caught this season; Gold Band Snapper 4.65kg, Mach Tuna 3.27kg, Pearl Perch 2.06kg and not mention that Cod - what was the weight of that Cod? Things were close in B Grade this year with less than one point between winner and runner up in both Champion and Day Champion [shore comp].

Wishing you some good fishing over the holidays.

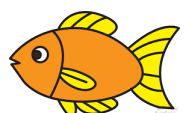

Kevin Burns.

P.S. Peter Anderson's disappointment at missing the presentation dinner was ameliorated by his catch of a PB 55cm Pearl Perch. Does this look photoshopped to you?

FISH OF THE YEAR 2022

"Dad, I don't like Alveys as much as you do. Am I adopted?"

"Not Yet, we can't find anyone who wants you!"

XMAS BREAK UP
WEDNESDAY 14TH DECEMBER
7.30PM

Proposed Govt Changes to Marine Laws
