**April / May / June / July 2019**

**Hi to fellow members, this is your new old President back again to help.**

**A few things have happened since I was elected into the position, last Wednesday we met for a social dinner at the Anglers Arms Hotel with 17 people in attendance.**

**Thanks to John Skinner for his organizing of this important event, it brings together members of the club who may not fish, and also a chance for wives and partners to meet in enjoyable atmosphere.**

**We are very grateful for the sponsorship from the hotel management and they will be accommodating us at our Feature Comp No8 weigh-in in September, keep up the good work John.**

**The clubhouse has been used for the Hobbie World Fishing Competition, you might have noticed as you drove past and witnessed all the Kyacks and activities that have been going on there for the past week.**

**We had our No6 GAYP fishing comp last Saturday and it was well attended with some good catches weighed in. The next comp No7 on the 17th/18th August will be fished against the RSL Club so we must make the effort to fish hard, it is an all- nighter, although you don't have to fish all night, just between 4pm Saturday and 10am Sunday with the weigh-in at our clubhouse at 11am.**

**As we are hosting the RSL for lunch, we will need a hand from our members with the catering.**

**I was notified of the passing of one of our LIFE MEMBERS, that of Trevor Kukulies, who died on the 11th of July aged 90, only a few of our older members would have known him, I did send a sympathy card to the family on the club's behalf.**

**Due to health reasons, John Ford has resigned from the position as President, but not from the club. John is a life member and I hope to see him still at our meetings, all the best for your future John.**

**See you all at the next meeting on the 7th August.  
Cheers**

# Captains Report

**The third competition of 2019 was a 'Go As You Please' competition held on the 27th April.**

**There was a total of 13 members fishing with 45 fish snagged and weighed in with a total of 11.80kg.**
