

# Welcome to our club

The members of the Southport Amateur Fishing Club welcome you as a prospective member and are pleased to supply you with the following information about the Club and an application form for membership.

The Club was founded in 1931 and has been active since its foundation. Our Clubs' premises are located in the Broadwater Parklands on Marine Parade at the intersection of Marine Parade and North Street

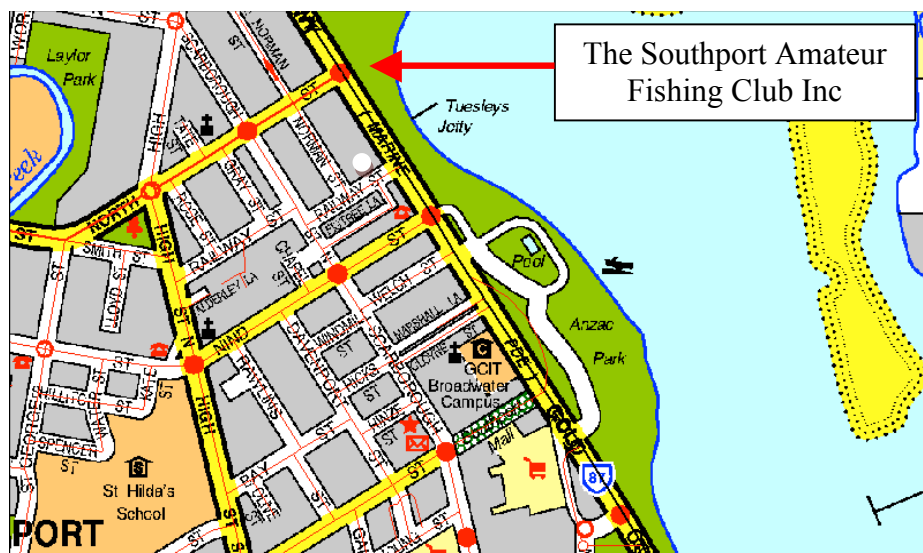

Club members enjoy a number of activities including graded fish competitions (approximately two competitions each month). Most competitions are estuary and beach competitions but offshore competitions are also included.

The Club is keen to include the whole family with BBQ outings organised to such places as South Stradbroke Island and the Southport Spit. Socially, we compete against other fishing clubs and have other organised events such as golf, dinners etc. There are offshore reef trips undertaken by club members each year to places like 1770, Swains Reef Hervey Bay. and South Ballina. These trips are wonderful fishing experiences and yield great catches.

Club members meet on the first Tuesday of each month at 7.30pm at the Club premises. All Club business is discussed as well as results from previous competitions and upcoming events. Guest speakers are invited to speak to members on occasion in regard to fishing with the latest equipment, techniques and fishing in general.

To become a member of The Southport Amateur Fishing Club you are asked to fill out the membership application form attached and submit it to the Committee at a monthly meeting with your yearly membership fee. Social only members are also welcome.

We look forward to you, or you and your family joining us as members of the Club and enjoying the wonderful benefits the club has to offer. If you require further information, please contact The President on 0417 607 790 or email [president@safc.net.au](mailto:president@safc.net.au). Also The Southport Amateur Fishing Club website [www.safc.net.au](http://www.safc.net.au) has information and our current newsletter for you to view.
